Amendments to the drawings

Please replace the set of drawings (Figs. 1-21) presently on file by the attached set of drawings (Figs 1-22b).

The Commissioner of Patents

REMARKS

The set of Figures presently on file do not fully match the specification. A corrected set of drawings which matches the descriptive text is therefore submitted herewith.

The Applicant submits that no new subject matter is introduced by the present amendment. All matter shown in the new set of Figures is present in the previous set of Figures or can be extrapolated by a person skilled in the art from the previous set of drawings and from the specifications. The new set of Figures is fully described in the specification.

The Applicant therefore believes that the present application is still in good order for allowance, and confirmation that the current amendment has been entered is courteously solicited.

Respectfully submitted,

David ROLSTON et al.
